PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

County Sets Speed Limits On Roads

The county commission Monday took steps to establish speed limits on all county roads—setting a maximum speed limit in business and residential sections at 30 mph and outside congested areas at 65 mph.

Under a resolution adopted by the board, the speed limits will apply only to county roads and will not effect speed limits set on state roads or streets inside municipalities.

Commissioner Lake Lytal was named chairman of the board's law committee and was requested to set up procedures for handling requests for changes to present limits.

The board agreed that all speed zones shall be posted with suitable signs which will conform to pattern of signs used by the State Road Department for road markings.

In other actions on county roads the board announced it is seeking special legislation to amend state statutes of 1955 for paving subdivision streets. Principal change being sought by amendment is to reduce the number of property owners who must sign a petition to the board, requesting street improvements.

Agreed to help the Federal Wildlife Commission complete a road leading from State Road 7 into a wildlife area in the west sector of the county.

Agreed to ask permission of the state road department for a Boca Raton developer to construct some 1,900 feet of roadway on right of way for Palmetto Park Road extension.

Junior Blue Devils Defeat Clewiston

The Pahokee Junior High football team opened the season with a bang on Lair Field Thursday night of last week by blanking the Clewiston Juniors, 14-0.

Douglas Blanton and Morris Kennedy made touchdowns for the baby Blue Devils in the first and third quarters and although the attempts for extra points after the touchdowns failed, Pahokee received two points during the second quarter in a touchback play. Because of the stout defense put up by the Pahokee kids the Clewiston cubs were never able to penetrate deeper than the 30-yard line in Pahokee territory.

This game, originally scheduled for Sept. 17 at Clewiston, was changed to be played in Pahokee on the same date, but was postponed until Thursday because of the rainy weather. The field was still very soggy Thursday night at game time following heavy rains during the afternoon.

The game between the baby Blue Devils and the Stuart Junior High team, scheduled to be played at Pahokee on Tuesday night of this week, was postponed because so many of the Pahokee players were down with the flu.

Four years without a passenger or crew fatality is the perfect safety record of Florida's Mackey Airlines.

Thomas Dickson Opens D. V. M. Office

Thomas Dickson, D. V. M., announces opening of a veterinary's clinic in the building formerly occupied by Handley Construction Company immediately north of the Pahokee Airport. He is the son of Mrs. Bennie Allen and grandson of Mr. and Mrs. Ben Elliott. He is a graduate of Pahokee High school and has completed his Veterinary college work and returned to the Glades to make his home and set up his practice. He will receive a warm welcome from Glades folks where he is well and favorably known and we predict for him a successful career.

Market Road Gets SRD Go Ahead

County Commissioners are scheduled to confer with State Road Department officials this week on several road and bridge projects in the area.

Scheduled to make the Tallahassee trip are Commissioners Kenneth Foster and Roy Michael, who will seek information on state plans for the county's present road budget.

These projects include widening and improving U. S. Highway No. 1 between Boynton Beach and Delray Beach, with the City of Delray Beach and between Boynton Beach and Lantana.

The board was surprised this week with receipt of a complete set of preliminary papers for a proposed road near Lantana which is not included in the county's budget. The board voted to return the papers to the state.

The board also learned this week that the State Road Department is ready to launch construction of two miles of Farmer's Market Road at Pahokee, a project that has been pushed by Commissioner Paul Rardin.

Phone Co. Tears Up E. Coast Roads Also

The county commission this week voted to hold up any more permits sought by the Southern Bell Telephone Company for cable laying operations until the company has repaired county roads torn up by cable crews.

In a report from the county road and bridge superintendent, the board learned that 21 paved driveways on Selby Road have been plowed up by the telephone company and that no repairs have been made. In what the superintendent described as "sloppy work", the board was informed that a ditch on Haverhill Road, blocked up by the telephone company, is causing flooding of an entire sub division in the area.

Commissioner Paul Rardin said he had similar experiences with the telephone company in the Glades and was forced to hold up work permits until torn up roads were repaired. He suggested that the board follow the same policy in the coastal area—a move that was approved.

Commissioner Rardin was delegated to explain the board's new policy to telephone company officials.

Budget Is Adopted By City Council

A budget of \$224,494.95 for the operation of the City of Pahokee for the fiscal year of 1957-58, starting Oct. 1, was adopted by the City Council Monday night. In addition a separate budget of \$82,022.60 for the waterworks department was adopted, making the budget total \$306,497.55.

For the year now ending the general operating budget was \$159,686.06 and the waterworks budget, \$68,370.00. The sharp increase in this year's budget figures is explained in part by the fact that all transactions by the city are included in it, such as Everglades Memorial Hospital bond payments which were not placed in last year's budget. Funds have also been allotted in the new budget for the purchase of city park land on Bacom Point Road from the County Board of Public Instruction and the extension of the city waterworks intake line farther out in Lake Okechobee as required by Board of Health.

The millage on assessed real and personal property taxes was raised 1.1 mills, increasing the total millage to 10 mills of which 9.66 mills are assessed for the city's general operating expenses and 1.34 mills for city hall debt service.

The estimated expenditures by (continued on page 8)

City Council Had Full Session Mon.

The Pahokee City Council, in regular session Monday night with all members present except for Edgar Wilder, adopted an ordinance establishing Fire Zone One in all areas with a zoning of C-1 and C-2 (commercial), P (professional buildings), M (motels and efficiency apartments), R-3 and R-4 (rooming houses and similar congested residential structures). The ordinance makes it mandatory that all new buildings in these zoning classifications be constructed of fire-resistant materials to make them as fireproof as possible.

Police Chief Leon Guthrie as tax collector was instructed to serve warrants for the collection of delinquent city taxes for the years 1956 and 1955. It was reported that the status of water bill collections is currently satisfactory but there are many delinquent garbage taxes that must be collected before the new billing system for water bills and garbage taxes is set up in the city clerk's office.

Named on a Zoning Board of Adjustment with three-year terms of office each were Wiley Tillis, Lewis Friend, R. N. Sanders, Joseph Kahn and J. C. Blanton.

The Council granted to Pahokee Youth Center, Inc., a non-profit organization, city tax exemption on the property it recently purchased on East Main Street west of Larrimore Road as a site for the proposed youth center building.

An offer by the State Road Department to furnish city police radio operator service at the Florida Highway Patrol office in Pahokee at a cost of \$225 a month was accepted by the Council. In the (continued on page 8)

Man Injured In Freak Accident

Richard Smith, an employee of the Pahokee Service Station at the corner of East Main and Larrimore Road, was seriously injured in a freak accident at the station Sunday evening.

The young man had finished changing a tire on the wheel of a large trailer and was filling the tire with air when the tire blew out and hurled the rim of wheel against his body, fracturing his right arm and striking a severe cutting blow on the head.

At the Everglades Memorial Hospital, where he is receiving treatment, his condition Tuesday was reported as good.

B. B. Justice, 64, Died Wednesday

Byron Bowers Justice, 64, a resident of Pahokee for the past 27 years died at 6:30 p. m. Wednesday shortly after arrival at the Everglades Memorial Hospital after he had become ill at his home on East Main Street and was rushed to the hospital by R. W. Singletary, a neighbor.

Mr. Justice, a native of Panola, Ala., came to Pahokee from Jacksonville, Fla., in 1930. For the past 12 years he had been an employee of the City of Pahokee in the Sanitation Department. He was a member of the Pahokee First Methodist Church.

Survivors include his wife, Ruby; two sons, Buford of Canal Point and Bernard of Miami; two daughters, Mrs. Doyle Smith of Columbia, S. C., and Mrs. H. D. Fields, Jr., of Pensacola, Fla.; one brother, Thomas Justice of Blakey, Ga.; a half-sister, Mrs. Anna Johnson, Lucille, Ga., and five grandchildren.

Funeral arrangements will be announced by Wetherington's Funeral Home of Pahokee.

Boy Scouts To Hold Annual Camporee

The annual Camporee of the Glades District, Gulf Stream Council, BSA, will be held at Fishating Creek Sept. 28 and 29, with Boy Scout troops from Pahokee, Belle Glade, South Bay and Clewiston to participate.

The Scouts will leave for the camp site Saturday morning and return to their homes Sunday afternoon.

After pitching camp the troops will compete Saturday afternoon from 12:30 to 3:30 in Scouting skills such as knot tying, athletic contests, first aid techniques, following trails by compass, swimming relays, rope throw, Indian wrestling and tug-of-war. Swimming lessons will be held Saturday afternoon at 4:30 and the campfire program will get underway at 7:30 p. m.

Following a worship service under the trees Sunday morning the Scouts will explore the woods in a nature-study hike before returning to their homes.

Mrs. W. W. McCurdy and son, Willard, have returned from a visit with relatives in Gainesville.

Flu Caused Game To Be Postponed

The flu epidemic at Pahokee High School forced the postponement of the Suncoast Conference game between the Pahokee Blue Devils and the Clewiston Tigers scheduled to have been played on Lair Field in Pahokee Thursday night of this week.

On Tuesday Coach Web Pell reported 33 members of his squad were down with the flu, including seven first stringers, and the Blue Devil team was so riddled by the disease that the game would not have been a contest if played Thursday. Bandmaster Robert O. Lampi also reported that 26 out of the 52 members in the Pahokee High School Band were absent from the Tuesday practice session because of the flu and it would have been impossible for the band to present its halftime show on Lair Field Thursday night as planned.

Out of a total enrollment of 368 at the Pahokee Junior and Senior High Schools, 120 students or nearly one-third of the student body were absent from school Tuesday with the flu, according to Principal Brooks Henderson. The Pahokee Elementary School was less affected with only 16 pupils reported ill on Tuesday. At the Canal Point School Principal Carl Crawford reported no cases of flu among the student body on Tuesday.

The Pahokee-Clewiston game will be played later in the season, the date to be announced, according to Principal Henderson.

Barrow Defeats Blue Devils 19-13

In their opener against the Bartow Yellow Jackets outside the conference at Bartow Friday night the Pahokee Blue Devils put up a terrific scrap before going down to a 19-13 defeat when Bartow pulled the game out of the first in the final quarter.

The Blue Devils scored first in the opening quarter when Halfback Wayne Unwin carried the ball 35 yards to the Bartow 15 and Quarterback Richard Shackford went the rest of the way for the TD, with Fullback Bobby Mobley going through the line for the extra point.

After Bartow forged ahead with 12 points in the second quarter the Blue Devils came back in the third period when they recovered a Yellow Jacket fumble on the Bartow 37 and drove in seven plays to the one-yard line where Unwin plowed through for the TD. The third quarter ended with Pahokee leading, 13-12.

Gary Register was the ramrod that saved the game for Bartow in the final quarter. After returning a punt 28 yards to the Pahokee 33, Register five plays later plunged through the Pahokee line from the three for the TD.

Ninety per cent of the accidents on the Sunshine State Parkway are caused by driver inattention and neglect, the commander of the turnpike division of the Florida Highway Patrol, Capt. C. E. Taylor, says.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

The City of West Palm Beach has asked to waive an agreement giving it control of a county parking lot in order that the county board can start operation of a new parking plan.

Under an agreement approved by the commission Monday, the board will operate the county lot as a paid lot with a full time attendant. Set aside in the lot will be facilities for parking some 70 cars driven by elected officials and cars used by county employees on the job.

In addition the county will seek private parking space for about 100 cars for courthouse employees.

In other actions this week the board:

Heard that Palm Beach County falls in a population bracket which

allows the appointment of deputy constables.

Opened bids on gasoline, road oil and trucks and road building machinery.

Took under advisement, requests from the Loyal Order of Moose in West Palm Beach and the Lake Worth Elk's Lodge for help in staging two state conventions.

Authorized the purchase of sound level equipment for the zoning department and voted to call for bids for 200 canvas bags for the registrar's office.

Received a map for record showing the new bulkhead line for the City of West Palm Beach.

Approved sub division plats for new developments at Boca Raton, the village of Golf and Palm Beach.

ing 6 feet 2 inches tall, Jack's muscles won him a role as Hercules in a college drama. But when he tripped over a fellow player making a dramatic exit, he drew so many laughs that he decided then and there that comedy was for him. His father wanted him to join him in the insurance business, but Jack was now stage-struck and teamed with Dave Willock for a vaudeville tour, giving songs, impressions and patter. The duo folded with vaudeville. Jack was about to go into the insurance business, when he landed a job as MC at the Tower Theatre, Kansas City, Missouri. It was here that Hollywood discovered Jack and his latent talents, and his career has gone ahead ever since. See you at the movies—Mal.

Of the 16 state races run every winter at Hialeah, only the Royal Palm has escaped veteran rider, Ted Atkinson. He has won all the others at least once.

From where I'm sittin' by Joe Marsh

Clam Chowder

Curley Lewis runs a motel with a little dining room. He don't serve big meals, just tries to fix breakfasts and light snacks for folks who come in late.

The other night Curley was closin' up when a couple drove in. They started fussin' about the size of the rooms and the size of the beds and the size of the air conditioner. Then they wanted somethin' to eat. Curley started in to fix some coffee. They didn't want coffee, they wanted soup, so Curley asked if they'd like some clam chowder — very special homemade clam chowder. He'd no sooner got

the cups out than they started in again, sayin' there should be a law against puttin' tomatoes in clam chowder. Curley tried to explain that he liked tomatoes in his clam chowder.

From where I'm sittin' a lot of people get confused about opinion and law. I happen to like a glass of ale or beer with my dinner. I'm against passin' laws that prohibit tomatoes in my clam chowder and havin' beer with my dinner.

Joe Marsh

Southeastern States Now Growing Corn As Important Cash Crop

A corn revolution is developing in Florida and other Southeastern states. Not too many years ago field corn was grown almost exclusively for consumption on the farm by farm animals and as human food. Now it is an important commercial cash crop.

As Old Dobbin disappeared from the fields as a work animal, replaced by the gasoline burning tractor, the need for corn as a feed for work animals grew less. But expansion in the cattle industry brought a much larger requirement, and Florida never has produced as much feed as it could use.

However, new varieties and better cultural methods have begun the revolution in corn growing. Hybrids and improved varieties yield much better than does field-run corn. Winter cover crops turned under, plus judicious use of lime and commercial fertilizer, have doubled Florida's average corn yield per acre in the last few years. However, it is still only

about half the national average and needs to be increased more.

Formerly corn was grown on around 700,000 acres in Florida every year and occupied the largest acreage of any crop. This year the acreage was 557,000 and it has been 600,000 or below for several years.

Corn elevators at Monticello, Trenton and elsewhere offer a cash market for the grain to be made into human food and stock feed.

Naturally the revolution has been accompanied by problems. Corn for Florida and the Southeast has been bred to have tight-fitting husks to help discourage earworms and weevils. But as growers have turned to mechanical harvesters and picker-shellers, the corn with tight-fitting husks has been hard to shuck by mechanical means.

Research workers are studying methods of controlling insects and diseases, as well as practical methods of drying and storing corn.

Mr. and Mrs. T. M. Yoemans, who have been living on a farm near Adel, Ga., the past year, have returned to Canal Point to make their home here during the coming season.

N. C. Governor Heads So. Reg. Ed. Board

ATLANTA, GA.—Gov. Luther H. Hodges of North Carolina was elected Chairman of the Southern Regional Education Board at its annual meeting here Sept. 21.

Also elected at the meeting were Dr. Philip G. Davidson, president of the University of Louisville (Ky.), Vice Chairman, and State Rep. Chappelle Matthews of Georgia, Secretary-Treasurer.

SREB is an agency of the Southern states whose purpose is to help states in sharing their resources for higher education with each other. SREB is supported through legislative funds appropriated by the states.

The Board consists of the governors of 16 Southern states and four persons appointed by each governor. The majority of the Board members are governors, legislators and educators.

Also confirmed at the annual Board meeting was an action of the Executive Committee earlier this year appointing Dr. Robert C. Anderson as Director of the SREB executive staff here.

Pick your savings target and shoot straight for it!

A home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you *before* you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. *That means a return of up to 80% more than you originally paid.*

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, the Advertising Council and

PAUL RARDIN, Publisher

PERSONAL NEWS NOTES

Hal Owens was a patient at the Everglades Memorial Hospital the past week after returning home from a visit with relatives in Miami.

John Rogers is visiting friends in Gainesville this week.

J. B. (Uncle Ben) Elliott returned again to the Everglades Memorial Hospital this week for additional treatment.

Extra placement tests in the form of a Ninth Grade testing program to determine the students' interest and achievement in the various courses of study will be conducted at Pahokee High School Monday through Wednesday under the sponsorship of the State Board of Control.

Mr. and Mrs. P. A. Sizemore spent Sunday visiting Mr. and Mrs. C. A. Cobb, former Pahokee residents now living in Melbourne. Mrs. Ella Crippen of Dania is visiting her son-in-law and daughter, Mr. and Mrs. Joe Hatton, Sr., and daughter, Mrs. Ralph Stanley, in Pahokee this week.

Mrs. A. E. Funderburk, who recently underwent surgery at Good Samaritan Hospital, is now convalescing at her home in Pahokee. Mrs. I. S. Guthrie and daughter, Mrs. Grady Chancellor, were recent guests of Mrs. Guthrie's son, Norwood Guthrie and family in Miami.

Ed Unwin returned recently from a three weeks' visit with his son-in-law and daughter, Mr. and Mrs. Bob Hitchcock and family at Loxahatchee.

Mr. and Mrs. Paul Watson returned recently from a trip to Georgia where they took their son, Karl, for enrollment at Georgia Military Academy.

Mr. and Mrs. Homer Barnes visited Mr. and Mrs. James H. Holden and family in West Palm Beach and Mr. and Mrs. Al Russo in Delray Beach Sunday.

Mrs. Harlan Sears left Tuesday for Lakeland to be with her son, Charles Sears, and family who are reported to be ill with the flu.

Chandler McIlwain is now working for the Western Electric Company in Riviera Beach.

Mr. and Mrs. C. R. Wetherington, Jr., had as recent guests his brother-in-law and sister, Lt. and Mrs. Herbert Strong and children of Waco, Texas.

Clyde Alley, Jr., has enrolled as a freshman at Morehead State College, Morehead, Ky. Clyde's father, the late Clyde Alley, who served for several years as Pahokee High School football coach, was a graduate of Morehead State.

Mr. and Mrs. Marvin E. McDonald have returned to Atlanta, Ga., after a two-weeks' visit with her parents, Mr. and Mrs. H. F. Meade, at Canal Point.

Robert A. Nance of Canal Point left Friday for a two weeks' visit with Mrs. Cleo Nelson and family at Lakeland, Tenn.

Mrs. Eugene Pickren and children left the past weekend for a visit with her parents in Atlanta, Ga. They were accompanied by Neely Johnson who is enrolling for his sophomore year at Georgia Tech.

Mr. and Mrs. Leland Beeton have returned to Gainesville after a visit with his parents, Mr. and Mrs. J. C. Blanton, in Pahokee. Mr. Beeton, recently released from the U. S. Air Force after four years in the Service, has enrolled as a freshman at the University of Florida.

Mr. and Mrs. Joe Hatton, Jr., entertained recently with a dinner party and family reunion honoring Mrs. Hatton's grandfather, J. W. Garner, on his 88th birthday anniversary.

Mrs. W. Roscelle Wilson underwent surgery at St. Mary's Hospital, West Palm Beach, last week and is now convalescing at Palm Beach Shores.

The Beta Club, an honor society at Pahokee High School, conducted its annual tapping ceremony for the selection of new members during the school's assembly period Friday morning.

Thurmond Knight, Pahokee real estate broker, has announced the sale of the Handley Construction Company office site property, near the County Glades airport, to Dr. Thomas G. Dickson, who will

open a Veterinary Clinic on this Property this week.

Mr. and Mrs. Gerald Schmidt, whose home was 306 Banyan Avenue, have moved to Juno Beach. Mr. Schmidt was formerly connected with the Crews Grocery Store. Bob Douthitt, associate of Thurmond W. Knight realty agency, has announced that the Schmidt home has been sold to the Hassel Edmondson family, who have just moved here from Alabama. Mr. Edmondson is now connected with the tire department of Paul's Service Station.

Florida FFA And 4-H Groups Win National Cooperation Honors

GAINESVILLE—Florida's Future Farmers of America and 4-H Club representatives who attended the recent annual meeting of the American Institute of Co-operation in Fort Collins, Colorado, took a number of high honors, according to Dr. E. W. Calk, marketing economist with the State Agricultural Extension Service.

The South Dade FFA Chapter and the Barrineau Park 4-H Club of Escambia County, state winners in the cooperative activities contests for the past year, attended the meeting on \$500 scholarships provided by the Florida Council of Farmer Cooperatives, sponsor of the contest.

The South Dade Chapter won the regional FFA contest and an additional \$600 given by the Institute. There were no regional contests for 4-H clubs but Burley White of Barrineau Park was awarded a \$50 A. I. C. scholarship for individual 4-H cooperative activities.

Pal Brooks of Homestead was lead-off speaker before 2,000 delegates on Youth Recognition night. He told of activities of the South Dade FFA Chapter. Burley White of the Barrineau Park Club spoke on the same program, representing all 4-H club members in the United States. Dr. Calk says both were highly complimented as being the best speakers on the entire program.

Four other boys from South Dade and four from Barrineau Park made talks before various sectional meetings of the 900 youth delegates.

The Florida FFA and 4-H members were accompanied by Dr. Calk, Lansing Gordon, South Dade Chapter advisor, and Calvin Winter, assistant county agent in Escambia.

CP Lions Club Has Regular Mon. Meet

The Canal Point Lions Club at the dinner meeting Monday night made plans to sponsor an old-fashioned box social for the benefit of its sight conservation work. Monday evening, Oct. 21, was set as the tentative date for the social. Chairman Osceola Upthegrove and his committee will be in charge of arrangements.

Plans were also discussed for the club's annual Thanksgiving turkey shoot to be held on the levee at the Canal Point waterfront, the date to be announced.

President J. W. Repper called upon chairman of standing committees for reports of club activities during the past month.

Pahokee Girl Scouts Hold First Meet

Members of Pahokee Girl Scout Troop 59 at the first meeting of the fall season in the Woman's Club building elected Yvonne Thompson, leader, and Alice Elaine Hurt, assistant leader of Patrol One; Joann McKinstry, leader and Vicki Alley, assistant leader of Patrol Two.

Troop officers elected included Patsy Keen, treasurer; Bonnilu Lair, Scout book; Willie Adams, scribe, and Sue Brower, publicity chairman. Mrs. Richard F. Hurt and Mrs. Glenn Brower are the troop's adult leaders.

Range Station Sets Annual Cattlemen's Program October 11

ONA—Florida cattlemen are invited to attend the 1957 Field Day to be held at the Range Cattle Experiment Station, Ona, Oct. 11. The theme of the day's program will be, "Weaning Calves and Wintering the Beef Herd."

Dr. W. G. Kirk, in charge of the station, says there will be an opportunity to observe meat of the 950 cattle consisting of bulls, cows, yearling heifers and steers, and calves. The role of pastures in cattle and beef production will be stressed. Pasture tours are scheduled between 9:00 and 11:00 a. m., with another at 2:30 p. m. for visitors not present in the morning.

The program at 11 o'clock will feature talks by Dr. M. O. Watkins, director of the Florida Agricultural Extension Service; Drs. E. M. Hodges, Dr. J. E. McCaleb, Dr. Kirk and F. M. Peacock of the Range Station; J. O. Pearce, Jr., president of the Florida Cattlemen's Association; and Richard Kelly, a Stuart cattleman.

Dinner will be served at noon by the Hardee County Cattlemen's Association.

An idyll in stone, constructed by a Latvian immigrant several years ago in memory of his lost love, can be seen at Coral Castle, showplace 25 miles south of Miami on U. S. Highway 1.

CANAL POINT METHODIST SPONSOR STUDY COURSE

A church-wide study of "Lands of Decision" is being sponsored by the Woman's Society of Christian Service of the Canal Point Methodist Church. The study course is being taught each Wednesday night by the Rev. L. A. Sparks, pastor, who uses projected slides to illustrate his talks.

BONNIE ON A STRING

Ronnie Ritchcock, a tackle on the 1956 All-Suncoast Football Team and the only four-letter man in the history of Pahokee High School's athletic department, has enrolled as a freshman at Citadel Military College, Charleston, S. C., and is playing on the A squad of the Freshman football team at Citadel.

a castle in the air costs nothing
—but you can't live in it!

**Make your dream house come true! It's easy
—through Payroll Savings!**

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

* * *

If you want your interest as current income, ask your bank about Series H Bonds, which pay dividends annually by Treasury check.

Choose your own savings goal

	If you want approximately		
	\$5,000	\$10,000	\$25,000
Each week for 9 years and 6 months, save.....	\$8.00	\$16.75	\$42.00
Each week for 19 years and 6 months, save.....	\$3.75	\$7.50	\$18.75

This chart shows only a few typical examples of savings goals and how to reach them through Payroll Savings. Remember, you can save any amount you want, and you can change your goal at any time.

Christian Science Group Of Canal Point

The unchanging, harmonious nature of all that is created by God, divine Mind, will be brought out at Christian Science services Sunday.

"Reality will be the subject of the Lesson-Sermon. Scriptural selections will include the following (Psalms 111:2,7,8): "The works of the Lord are great, sought out of all them that have pleasure therein. The works of his hands are verity and judgment; all his commandments are sure. They stand fast for ever and ever, and are done in truth and uprightness."

Correlative passage to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (336:25-28): "Mind is the divine Principle, Love, and can produce nothing unlike the eternal Father-Mother, God. Reality is spiritual, harmonious, immutable, immortal, divine, eternal. Nothing unspiritual can be real, harmonious, or eternal."

Grace Jernigan Circle Has New Chairman

Mrs. Frank Thompson was elected new chairman of the Grace Jernigan Circle, Pahokee Baptist Missionary Union, at a meeting held at the home of Mrs. E. B. Gamble, with Mrs. Ralph Grimes, retiring chairman, presiding. Other officers elected were Mrs. Grimes, co-chairman; Mrs. C. Orr, secretary; Mrs. R. S. Douthitt, mission study chairman; Mrs. Wiley Tillis, community missions chairman; Mrs. W. M. DuBose and Mrs. Mary Hammond, program chairmen.

Mrs. Ralph Myers introduced Julian Griggs of Belle Glade, guest speaker, who told of the mission work being done among the migrant labor families in the Glades area. Mr. and Mrs. Eberly, new mission workers stationed at the Pahokee Labor Supply Center camp, were introduced as guests.

ELECTED DEACONS

Lee Wroten, Wiley Tillis, M. P. Stanley and J. C. Mock have been elected deacons of the Pahokee First Baptist Church for three-year terms of office each. They replace Paul Tillery, Gene Butler, Ralph Grimes and Ralph Myers whose terms of office as deacons have expired.

Sgt. and Mrs. J. E. Milton announce the birth of a 6 lb-10 oz son in Munich, Germany, Saturday Sept. 21st. Mrs. Milton was Miss Mary Eleanor Jernigan daughter of Mr. and Mrs. W. P. Jernigan of Clewiston, former Canal Point residents. The paternal grandparents are Mr. and Mrs. E. J. Milton of Lake City. The young man has been named Joseph Will.

Mr. and Mrs. Daniel Wayne Burdeshaw (Charlotte Anne Cate) of Pahokee announce the birth of a son, John Fren, at the Everglades Memorial Hospital, Sept. 21.

Mr. and Mrs. Thomas Clark Braddock (Charlotte Anne Constant) of Pahokee announce the birth of a daughter, Ruth Ann, at the Everglades Memorial Hospital, Sept. 20.

Mr. and Mrs. Ray Hatton of Pahokee announce the birth of a son, Henry Barwick, at St. Mary's Hospital, Sept. 14. The infant was named after his maternal grandfather, the late Henry Barwick, one of the pioneer vegetable produce salesmen of the Glades.

Mr. and Mrs. Joe Kent Carr (Ruth Eva Kautz) of Pahokee announce the birth of a daughter, Nancy Sue, at the Everglades Memorial Hospital, Sept. 10.

Wrights Injured In Car Accident

Mr. and Mrs. Radford Wright of Pahokee were injured and hospitalized the past week when the vegetable produce truck in which they were riding collided with another vehicle near Barnesville, Ga., according to word received here by friends. They are now convalescing at the home of relatives in Greensboro, Ga. Radford's parents, Mr. and Mrs. W. M. Wright, also of Pahokee, were following close behind the truck in a car but avoided getting involved in the accident.

By the time you draw your next three breaths, somebody else's breathing will be placed in jeopardy by a traffic accident, the All-state Safety Crusade, points out.

Mackey Airlines Business Increases

FORT LAUDERDALE—Mackey Airlines reports its best summer business on record, with its Fort Lauderdale terminal experiencing an 81 per cent increase in Nassau-bound passengers this August as compared with the same month last year.

Of the 5,909 passengers flown to Nassau last month from Mackey's four Florida terminals, 3,023 of them boarded at Broward County International Airport in Fort Lauderdale. In August, 1956, the Fort Lauderdale-Nassau passenger volume amounted to 1,567.

Other ports in the Mackey system also report August of this year ahead of last year. St. Petersburg ran second to Fort Lauderdale with an impressive 78 per cent increase. West Palm Beach tallied a 28 per cent gain and Tampa's

passenger volume grew 18 per cent.

According to Henry Johnson, traffic manager, it already appears September, 1957 will outstrip September, 1956. The month got off to a fast start with heavy Labor Day weekend traffic. Extra sections were added to regular Mackey flight schedules to accommodate the holiday crowd of 650 passengers making the trip to the Bahamas capital.

A new type of industry—the production of light-weight phosphate lime—will be launched in Bartow this fall in a new \$250,000 plant. The slime is used in making concrete.

In the past 25 years the number of scientists and engineers has more than tripled, from a total of 261,000 in 1930 to more than 950,000 today, according to a study of scientific manpower prepared by the B. F. Goodrich Company.

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid
your interest as current income—
Invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Now even better! Invest more in Savings Bonds!

Budget Is Adopted—

(continued from page 1)

departments in the general operating budget: Administrative, \$60,762.70; streets and sidewalks, \$83,262.92; fire, \$13,983.96; cemetery assessment by trustees, \$1,765.00; sanitation, \$17,740.00; police, \$31,625.22; parks, \$12,558.16; general contingency fund, \$2,776.93.

The anticipated revenue includes real and personal property taxes, \$50,600; cigaret taxes, \$38,200; fines and forfeitures, \$25,000; occupational licenses, \$12,000; garbage taxes, \$16,500; utility taxes, \$27,000; building permits, \$1,200; sidewalk project one, \$500; sidewalk project two, \$4,000; sidewalk project three, \$589; miscellaneous income, \$9,500; Port Authority (breakwater), \$5,000; hospital building rental from Everglades Memorial Hospital, \$11,005.95; loading stalls income, \$1,000; breakwater rental, \$1,500; swimming pool income, \$800; new lien assessments, \$20,000.

City Council Had—

(continued from page 1)

past the City has employed its own operator for this service.

The Pahokee Marina Corp. reported the U. S. Engineering Corps has ordered the PMC concessions stand at Pahokee Harbor to be moved from the lake levee and PMC requested the Council to give it permission to move the concessions stand on to the breakwater as a temporary measure until a new concessions building that will meet with the approval of both the U. S. Engineers and the Council can be built. Councilman George H. Tucker, Jr., was asked to meet with the PMC board of directors for the further discussion of this problem and the working out of a solution. The Council decided to hold in abeyance PMC's check for \$100 for the August rental on the breakwater until a written report on the receipts and expenditures of the harbor operation for the month is received. City Attorney Ralph Johnson was asked to determine if the absence of such a report at the time of rental payment constitutes a breach of contract on the part of PMC.

Councilmen George Tucker and Loren Meredith and Mayor F. S. Parrish were named on a special committee to attend the next meeting of the County Board of Public Instruction to discuss the Board's offer to dedicate more land to make the access street to the proposed new athletic field for Pahokee Schools wider and the Board's request for the city to abandon unnecessary streets in the East Lake school area.

A group of property owners on SE First Street east of Barfield Highway submitted to the Council a petition for the building of a sidewalk in front of their home

sites provided the sidewalk is extended from Barfield Highway west to the entrance of the Elementary School. The Council took the petition under advisement and promised the petitioners action on the matter at the next meeting.

It was voted to summon Charlie and Ella Jenkins and Gracie Low and Henry McKnight to the council chamber on Monday night, Oct. 28, to give the Council reasons why they have not followed instructions issued by the city last month to tear down and remove buildings owned by them which have been condemned as unrepairable and unfit for human habitation.

It was also voted to have the new traffic stop light being installed at the corner of East Main and Barfield Highway operate only during school and church hours at the discretion of Police Chief Guthrie.

Profit-Sharing Money Distributed

TAMPA—Distribution of \$2,165,000 to 2800 employees of Kiwi's and Winn-Dixie stores has recently been completed. The money was distributed to employees eligible to participate in the Winn-Dixie Employees Profit Sharing Program by virtue of completing five years of service with the company.

Under the program, a portion of the distribution is made in the form of a cash payment and the balance is credited to individual trust accounts for employees' retirement. Employees are not required to contribute any part of the cost of the program.

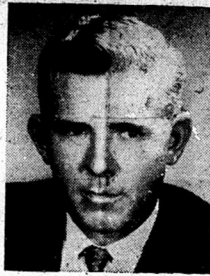

The Retirement Trust, now in its eleventh year, has assets in excess of \$9,000,000 which represents individual accounts of the 2800 eligible employees.

Twice A Month Meets To Continue

Because of a continued backlog of work in most of the county departments, the commission this week voted to continue its bi-monthly meetings until further notice. The board recently dropped its weekly meeting schedule to convene on the second and fourth Mondays.

District Governor

Lions District Gov. To Be Guest Speaker

W. L. Edwards, Jr., of Miami Beach, Lions Club District Governor of District 35-S, will be guest speaker at the Oct. 1 luncheon meeting of Pahokee Lions Club. Edwards, whose district is 20th largest of Lions International's 309 districts, has been a perfect Lions attendance since he was a charter member in the formation of his hometown North Shore Lions Club in Miami Beach, in 1949.

Before being elected district governor at the recent Daytona Beach convention, Edwards was deputy governor, a zone chairman and president of his local club.

BOBS SALVAGE LOCATION

Announcement of the Purchase of 15½ acres of land on Highway 715 between Pahokee and Chosen by Robert Mobley, owner of Bob's Used Auto Parts presently located at Canal Point. The property will be used for a salvage yard. The sale was handled by Bob Douthitt through the office of Thurmond W. Knight local Real Estate Broker.

INSURANCE PAYMENTS HEAVY IN FLORIDA

Payments to living policyholders in Florida from their life insurance companies were \$74,623,000 in 1956, which was 58 percent of the year's total life insurance benefit payments to the families of this state, the Institute of Life Insurance reports. These payments were in addition to \$53,539,000 of death benefits paid to the families of this state and compare with payments of \$63,793,000 to living policyholders the year before. The "living" benefits include matured endowments, disability benefits, annuity payments, cash surrender values paid out and dividends to policyholders.

GE Co. Grants 3% Pay Increase

ST. PETERSBURG—The General Electric Company has announced that a three per cent wage increase has been granted to all hourly-paid and certain salaried employees at the Pinellas Peninsula Plant.

A result of GE's "Better Living

Program" the raise is the third in a five year series of annual increases which terminate in 1969. Also included are cost-of-living adjustments which have been made at quarterly intervals each year.

The increase brought the total of such increases to over 10 per cent since General Electric commenced their operations in St. Petersburg about one year ago. The company employs 700 persons in their Pinellas Peninsula Plant.

FORD is the lowest priced of the low-price three!

There are many plus-values in the new "Inner Ford"! You don't ordinarily see many of the plus-value features that are built deep down into the all-new "Inner-Ford." For example, such features as the new, sturdier, contoured frame and new suspensions, front and rear.

There's a big plus-value in Ford power for '57! This year, you can pick a Ford engine to suit your power needs from a whole new family of mighty Ford V-8's. Or you may choose the new Mileage Maker Six.

Ford is priced right!

Comparison of manufacturers' suggested retail delivered prices proves that model for model, right across the board, Ford is the lowest priced of the low-price three!

Action Test a Ford . . . and see for yourself! The only way to get fully acquainted with a car is to get behind the wheel and drive it. And we will be happy to have you come in and Action Test a '57 Ford at any time.
